

Suman Kumar Sinha

Full-Stack Product Engineer

WORK EXPERIENCE

Lifestack · Software Engineer

Jul 2025 - Jul 2026 · Remote (US startup)

- **Owned Lifestack Web through launch** - shipped production-ready experiences that contributed to a #4 Product of the Day finish on Product Hunt.
- **Built Team Plan end-to-end** - shared tasks and calendars, member roles, permissions, ownership transfer and cross-platform synchronization across web and backend.
- **Delivered 7 provider integrations** - Apple Reminders, Apple Calendar, Todoist, TickTick, Notion, ClickUp and Google Tasks; native Apple integrations used React Native.
- **Engineered near-real-time sync** - combined webhooks, Cloud Functions and Firestore transactions while handling duplicate and recurring-task edge cases.
- **Built the macOS Electron app** - maintained signed-release CI/CD workflows using GitHub Actions and Google Cloud.

Ellenox · Software Engineer

Feb 2023 - Jun 2025 · Remote · Hyderabad, India

- **Built Golf.com's Course Finder** - responsive maps and large-dataset interfaces for a product responsible for about 20% of Golf.com traffic (~3.5M monthly users).
- **Developed an internal hiring platform** - supported 10,000+ applicants with AI questionnaires, timed assessments, recruiter workflows, filtering and CSV exports.
- **Shipped startup products** - worked across React, Next.js, TypeScript, React Native, Firebase, Supabase and Cloudflare.
- **Reviewed frontend PRs** - maintained Figma parity, coordinated with QA and mentored junior developers.

AllCode Technologies · Web Developer

Jun 2022 - Feb 2023 · Guwahati, India

- **Built client-facing web features** - used Next.js and Firebase to ship responsive application experiences.
- **Contributed to a pharmaceutical audit system** - worked on production UI and application workflows.

SELECTED PRODUCT WORK

Pikzels · AI YouTube Thumbnail & Title Tool

Built React and TypeScript product and marketing experiences for an AI creator platform serving 330K+ monthly visitors.

NexLev · Creator Growth Platform

Shipped landing, pricing, testimonials, FAQs and signup experiences in a single weekend using React and Next.js.

EDUCATION

B.Tech in Electronics & Communication Engineering

The Assam Kaziranga University · 2016 - 2020 · GPA 8.8/10

Building product experiences across web, mobile, desktop and backend systems, with a strong focus on React and TypeScript.
